

ITEM 1220**FUEL SURCHARGE**

Application of Surcharge (See Notes A, B and C)

All charges for line haul transportation resulting from rates and/or charges, named in this tariff and supplements thereto, are hereby or will on their effective dates be increased as provided below, for the period this item is in effect.

In applying the provisions of this item, first determine the applicable line haul charge including all applicable increases and/or discounts, if any. The line haul charge so determined will be further subject to the surcharge provided herein.

The net line haul charge will be subject to a fuel surcharge as provided below. The amount of the fuel surcharge will be determined by the U.S. Midwest Average Fuel Index for ultra-low sulfur diesel fuel as provided by U.S. Department of Energy (D.O.E.). The current index may be obtained by calling 1-202-586-6966 or visiting their website (<http://www.eia.gov/petroleum/gasdiesel/>).

The diesel fuel index announced each Tuesday will be utilized to determine the applicable fuel surcharge for shipments handled on that week starting on Wednesday of that week and continue through the following Tuesday, when a new determination will be made as noted above.
